V. STATEMENT OF CLAIMS

1a. on December 11, 2019 Hagan filed three (3) meritorious grievances against state Correctional staff at SCI Retreat for numerous violations including but not limited to "denial of placement on a general population treatment unit."

1b. on December 11, 2019 Hagan spoke with Deputy Secretary Wenerowicz who was accompanied by Mason, his assistant and Namowicz. Hagan specifically informed him that he was having adjustment issues after moving off a treatment unit and felt unstable and self-mutilative. Hagan further informed him that he was to be transferred and staff such as Namowicz, Mason etc were telling him that if he pursued any grievances he would not be transferred and would receive no treatment. Wenerowicz informed Hagan to work this out with facility staff. Hagan asked him how was he to do this when he was being retaliated against at every level of administration including Superintendent, Deputy, Unit Manager etc. No directed Hagan to "figure it out."

1c. The following relevant events occurred prior to Hagan speaking with Wenerowicz which lead to Hagan's verbal complaint to him:

(ii). Hagan's friend Julie Chen who is / was a paralegal sent a letter and Civil action to Supt. Mason on September 5, 2019 requesting that she resolve Hagan's issues within 45 days or the Civil action would be filed.¹

(iii). Approximately six (6) days later Hagan was removed from the Residential Treatment unit ("RTU") and placed on B-block which is a non-therapeutic / treatment unit.

(iv). After Hagan was informed by Stetler that he and Mason were the cause of him being removed from the RTU due to the letter drafted by Julie. Hagan filed a grievance against Mason and Stetler and three (3) other grievances at numbers 827292, 827295, 835585 and 835583.

(v). Hagan was approached by Namowicz about these grievances and informed that he would not be transferred close to home if he pursued

¹ The Civil action mentioned is now before this Honorable Court at Hagan v. Mason, et al., NO. 1:19-cv-2120.

these grievance and Hagan was directed to withdrawl which he complied.²

(v). on B-block Hagan started to become unstable and have adjustment issues and he cut himself on three (3) different occasions , lost weight due to lack of eating and felt very irritated. Hagan informed mental health staff of this. Also, Hagan had / has an active depression disorder and is catagorized as Seriously mentally ill and have just done 13 years straight in Solitary / isolation Confinement.

(vi). Hagan filed a grievance against staff for failing to schedule a Psychiatric Review Team meeting so that he could address his mental health issues . Staff quickly attempted to schedule a PAT meeting for December 11, 2019 and Namowicz again directed Hagan to withdrawl the grievance inwhich he did.

² Hagan was promised a transfer closer to home for his completion of the Behavior Management unit ("BMU") but had to complete his AOD program first which ended December 5, 2019. Hagan's transfer was fully approved around December 9, 2019.

(vii). On December 3, 2019 Hagan received a response by LPM Carie stating that he could not address going to a RTU block at his PAT meeting due to it being a "management" issue and Hagan filed a grievance about this issue at No. 837557 on December 4, 2019.

(viii). On December 9, 2019 Hagan spoke with Namowicz who asked him to withdraw grievance No. 837557 and Hagan replied "no." Namowicz followed with "I can still make it hard for you." Hagan informed him to do as he wished. Hagan filed a grievance about this at No. 839767.

(ix). On December 11, 2019 Hagan was informed by Psychological staff member Ms. Madrovsky that he would not see PAT that day. She informed Hagan that PAT would not see him while grievance No. 837557 was pending. Hagan filed a grievance on this at No. 839767.

15. On December 12, 2019 Hagan was called over to the Podium by Sgt. Jones while Coming back from chow, and told to give his identification to him. Sgt. Jones stated to Hagan "we don't like people here who file grievances. You'll go hungry today." Hagan could not eat dinner

due to him needing an ID. in order to eat.

16. On December 13, 2019 Hagan was approached by staff while in general population and told to CUFF-UP and that he was being taken to Solitary Confinement.

17. Once Hagan got to the administrative building he was approached by UK Nuss. Nuss pulled out grievance numbers 839733, 839741 and 839767 and asked Hagan did he file these. Hagan replied yes and Nuss directed Hagan to write the grievance coordinator and withdrawl the grievances or no (Hagan) was [going to the hole]. Hagan refused, and Nuss told Hagan that he was going to the hole and that his friend "Jesse" would tamper with his property. Hagan was taken to the hole / solitary.

18. Later on December 13, 2019 Hagan received a false "others report" at NO. D391353 stating that he was under investigation from Nuss.

19. On December 13, 2019 Hagan received a copy of a Property inventory sheet at NO. A252924 Signed by Jesse reflecting that numerous items of Hagan's was missing, including, but not limited to his radio, head phones

shower shoes , 35 books , legal work etc.

20. On December 15, 2019 Hagan filed a grievance regarding his property but this grievance was rejected by the grievance Coordinator on Dec. 17, 2019.

21. Hagan wrote to Statler requesting that all videos showing where his property went and showing it inventoried be preserved for litigation. Hagan also complained about Nuss and Jesse's Conspiracy.

22. On December 18, 2019 Hagan was seen by PRC and he reported that he was missing multiple items from his property and could prove this.

23. On December 19, 2019 Hagan's property was reinventoried and multiple of his items mysteriously popped up . except for his legal mail , regular mail and books.

24. On December 23, 2019 Hagan filed a Second grievance about his property following all procedures by attaching proof that he at one time had at least 32 books in his possession , legal mail and letters.

25. Grievance Coordinator Mahally arbitrarily rejected this grievance on December 30, 2019. Hagan wrote her a request slip threatening to sue her if

She continued to harass him, and she immediately processed the grievance on January 3, 2020.

26. on December 20, 2019 the false misconduct rendered against Hagan on December 12, 2019 was dismissed on appeal.

27. on December 20, 2019 reporting officer Stubeda was notified that Hagan had defeated her misconduct and she re-wrote the same misconduct.

28. on December 24, 2019 Hagan defended against the false misconduct and the Hearing Examiner dismissed the misconduct in its entirety.

29. on December 26, 2019 Stubeda was made aware that Hagan again defeated her misconduct and in response she re-wrote the misconduct, but this time adding two (2) more charges including "assault."

30. An assault charge has a significantly serious aspect to it within the DOC.

31. NUSS received the misconduct for approval and failed to investigate the misconduct and Hagan's mental health status, and created

a sense of seriousness to the misconduct that was not present on the first two (2) misconducts stating that Stubeda's safety was at risk.

32. Hagan wrote to Stetler informing him that there was no justification as to why he was not written up for assault or using inappropriate language the two (2) prior misconducts which is a mandatory requirement, and requested that he intervene and have the misconduct process ceased. Stetler responded by informing Hagan that he should work with staff and reframe from using the grievance process.

33. Hagan also wrote Banta on December 26, 2019 and informed her that the misconduct was never investigated and he was never seen by mental health which is a mandatory requirement and requested that the misconduct process ceased. Banta responded by informing Hagan that he should work with staff and reframe from using the grievance process.

34. Hagan was seen by a hearing examiner on December 31, 2019 and defended against the misconduct, successfully defeating all charges except for using abusive language and received 30 days in isolation.

35. on January 12, 2020 Hogan received a request S.H.P response from Banta stating that he was Switched to Administrative Custody status on January 8, 2020 and that his AC hearing was held in absentia due to his refusal to attend PBC and he was being held in AC status Pending "Separation" transfer :

(i). Hogan's AC hearing was held on January 8, 2020 at approximately 10:00 am ;

(ii). Hogan received notification that he was being placed on AC Status due to not being classified for General Population at SCI Retreat on January 8, 2020 at 2:05 PM ;

(iii). in accordance with DC ADM 802 Policy on AC hearing is to be conducted after an inmate receives notification ;

(iv). Banta, Stetler, Sokolowski and Mason used false information that Hogan was originally confined on December 12, 2019 and that he was found guilty of charges dismissed to justify a Separation transfer ;

(v). Banta's , Stetler's , Sokolowski's and Mason's arbitrary application of DC ADM

802 deprived Hagan of a hearing and from
properly challenging this false information;

(vi). a separation transfer changes the
dynamics of Hagan's transfer Subjecting him to
be transferred further away from home;

(vii). Banta's, Stetler's, Sokolowski's
and Mason's false information was used to place
Hagan on AC status which is a status that kept
Hagan confined in isolation. Hagan stayed in
isolation until January 23, 2020.

36. On January 14, 2020 two (2) grievances were
filed that Hagan drafted Complaining about staff
using false documentation to alter his transfer
and he requested that his transfer be corrected
and that he be sent to a prison in the Western
region with a Special Needs Unit ("SNU").

37. SNU's are for D roster inmates who are
"functional." Hagan is a functional D roster
inmate.

38. The next day (January 15, 2020) Mason
had Hagan transferred with ⁴ other inmates
to SCI Camp Hill.

39. SCI Camphill is in the Central region approximately 3 1/2 hours away from Hagan's home.

40. SCI Camphill does not have a SNU or any mental health unit that Hagan qualifies to be on.

41. Hagan is now on K-block at SCI Camphill and there are no treatment groups offered on the unit and no mental health staff makes rounds.

42. On January 15, 2020 Hagan was taken to property to pack his belongings to take with him to SCI Camphill. Jesse and Nuss were both present and Hagan was sent to SCI Camphill without any of his paperwork and other belongings. (see exhibits B and B-1).

43. Jesse was responsible for making sure that Hagan's property was loaded on the van to SCI Camphill.

44. On February 5, 2020 Hagan's footlocker was sent to him to SCI Camphill and all of Hagan's "paperwork" was missing. This missing paperwork included:

(ii). request slips addressed to Mason where she responded directing Hagan to cease filing paperwork ;

(iii). request slips addressed to Banta and Stetler pointing out misconduct process violations where they responded that Hagan should work with staff and stop filing grievances ;

(iv). statements / declarations from witnesses who verifies the inculpatory statements from Banta , Stetler and Grohowski which were made between December 13, 2019 through January 15, 2020 ;

(iv). a statement written immediately by Hagan which captured word - for - word what was said to him by Nuss on December 13, 2019 , etc , etc , etc .

JOHN WETZEL

45. on January 11, 2020 Hagan wrote to Wetzel detailing the issues that he was having at SCI Retreat. (see exhibit A - ATTACHED).

46. On January 10, 2020 Hagan was informed

that Wetzel would not get involved with the abuses being perpetrated against him.

47. Wetzel is sufficiently aware that Hagan is an inmate at high risk to be retaliated against for exercising his rights, and he knows this through :

(i). In the year 2016 Hagan settled a civil action against Wetzel et al at NO. 1:13-CV-2731 which alleged that Wetzel et al were "retaliating" against him by minimizing his mental health status to hide him from D.O.I investigators.

(ii). In the year 2018 Hagan Settled a Civil action against Doc Officials at NO. 1:16-CV-1738 which alleged that DOC officials were "retaliating" against him by giving him twelve (12) years worth of disciplinary time for exercising his first Amendment rights.

(iii). In the year 2018 Hagan settled a civil action against Wetzel et al at NO. 1:18-CV-270 which alleged that Wetzel et al were "retaliating" against him by depriving him the opportunity to progress in the BMU Program due to him exercising his First Amendment rights.

(iv). In the year 2020 Hagan settled a Civil action against Wetzel et al at No. 1:19-cv-454 which alleged that Wetzel et al were "retaliating" against him by Wetzel interfering in a transfer from SCI Smithfield's BMU Program to SCI Retreat's BMU Program.

(v). In the year of 2016 Hagan filed a state Petition for Writ of Habeas Corpus at No. 2016-1632 against Wetzel et al in Huntingdon County alleging that Wetzel et al were retaliating against him by sending him to an institution where he had a conflict of interest. This Writ of Habeas Corpus is still pending.

48. Hagan Continues to Write to Wetzel to no avail. Wetzel refuses to respond. (see exhibits A-1, A-2,). . . .

RE: SCI Camp Hill

Dear Mr. John Wetzel,

Hello Sir. My name is Damont Hagan # DS 9488 and i'm an inmate at SCI Camp Hill. I'm writing concerning a very serious matter and request your assistance.

Sir, as you know, I was sent to SCI Camp Hill from SCI Rotisserie on January 15, 2020. Also, you are aware that I am a D roster inmate, who has just completed the Behavior Management Unit Program after 13 years in isolation/Solitary Confinement. I state this to imply that I am still adjusting to General Population. Furthermore, I am labeled a "functional"

D roster inmate.

Now, with the above stated, i'd like to point out some very important issues that i'm requesting you to correct by transferring me to a D-roster institution with a "Special Needs unit."

Sir, I am now in General Population at SCI Camp Hill on K-Block. I've been housed on this unit since January 23, 2020 and have noticed the following:

1. there is not a PSS / PSA on the unit and none makes any rounds;
2. there is not any mental health groups offered on the unit or structured activity for the D-roster inmates;
3. we are locked in our cells for a very large portion of each day's and
4. the unit staff does not seem to

have any training with dealing with SMI inmates.

I point this out to attempt to show you the adverse action i'm suffering regarding this retaliatory transfer.

I went from getting a modicum amount of treatment at SCI Rotrect to receiving NONE at SCI Camphill. I know that "on paper" SCI Camphill is a D roster facility, but, I can assure you that in reality it's NDT. This is nothing more than a isolation institution with boot camp characteristics.

Sir, I again point out that I am a functional D roster inmate meaning, I do not qualify for the BTU. As a functional D I am qualified for the Special Needs unit. By keeping me here at SCI Camphill you are suggesting or implying that I am not entitled to the additional mental health treatment / support that other D roster (functional) inmates are entitled to.

There's a reason why there's Residential Treatment units AND Special Needs Units. The inmates with "functional impairment" goes to D-roster institutions with RTU's and "functional" D roster inmates goes to institutions with SNU's. IF I were to start having issues (mental health) there is NOTHING here for me since I don't qualify for a RTU. I'm left to fend for myself or get in trouble and go to the DTU... why do I have to get in trouble just to get some support and treatment?

Please help me and correct this matter.
I humbly await your response.

Truly,

cc: Supt. Ms. L. Harry

AE : Retaliation...

Dear Mr. John Wetzel,

Hello Sir. My name is Dumont Hagan & DS 9488 and I'm an inmate at SCI Camp Hill. I'm writing in regards to Continuous Retaliation by DOC employees and request that you intervene.

Sir, today I was called to Property to retrieve property that was maliciously held at SCI Rotisol by Property officer C.O. Jesse. After going through this property, I discovered that I am missing all of my legal material and documents except for one (1) legal envelope that I received in the AHU / DTU and one (1) letter that I received in the DTU / AHU. Everything else is missing.

I've enclosed multiple property inventory sheets to substantiate that there is indeed

a Property issue. Firstly, I direct you to Property inventory sheet NO. A 290957 which I received today. As you can see, Camp Hill staff only acknowledged the One (1) legal letter and one (1) piece of mail I received while in the RHU / DTU. There is absolutely NO acknowledgement of the miscellaneous "Paperwork" that I had which C.O. Jesse attempted to put under "legal all" on Property inventory sheet NO. A 252957 - which is also enclosed in the second envelope. Furthermore, the Property that followed me initially reflected on Property inventory sheet NO. A 079141 (also enclosed) clearly shows that no Paperwork, legal mail or mail was sent with me as inventory sheet NO. A 252957 reflects.

Sir, as you can guess, C.O. Jesse have done this "after" I have filed grievances against him regarding his Conspiracy with Lt. Nuss where they stole my Property in an attempt to force me to withdraw multiple grievances that I've filed. This is an old issue (retaliation) that I have brought to you for years and I am calling on you to FINALLY act by directing SCI retreat to send me my miscellaneous Paperwork that they have which is needed for litigation. Also, I truly need for you to act in a way that curbs retaliatory actions against me in the

future. You are very aware of the fact that
i'm retaliated against frequently and something
should be done to permit me to file grievances,
litigation etc without fear of retribution.
I truly thank you.
